**STANTON ENERGY RELIABILITY  
CENTER, LLC's STATUS REPORT No. 1**

---

In accordance with the Committee Scheduling Order dated May 1, 2017, Stanton Energy Reliability Center, LLC (SERC, LLC) has prepared this Status Report No. 1 to inform the Committee of the progress made in the review of the Application For Certification (AFC) for the Stanton Energy Reliability Center (SERC). The following summarizes the status of the Commission process since the Site Visit and Informational Hearing and Environmental Scoping Meeting conducted in Stanton, California on April 17, 2017.

**Data Requests and Responses**

On April 5, 2017, CEC Staff docketed its first set of Data Requests which contained 63 questions covering twelve technical areas. SERC, LLC docketed full responses on May 6, 2017. We understand that Staff is reviewing the responses and supporting material and after its review will determine whether it requires a workshop and if so, will set the subject areas, proposed dates and location. SERC LLC will work with Staff to determine a mutually acceptable time where Staff and SERC LLC's experts can both be present to exchange information and resolve issues as necessary.

**SCAQMD**

SERC, LLC is working closely with the South Coast Air Quality Management District (SCAQMD) to provide information it has requested to support its review and preparation of the Preliminary Determination of Compliance (PDOC). SERC will provide the outstanding

information by May 19, 2017 and then will inform the Committee in the next Status Report on estimated publication of the PDOC.

Dated: May 15, 2017

Respectfully Submitted,
