Docket Number: 16-HERS-01

Project Title: greenNet Registry LLC HERS Providers' Application and Rating System for Certification for Residential and Non-Residential Buildings, Additions and Alterations for the 2016 Standards.

Dear Director Oglesby:

On behalf of greenNet Registry LLC, I am pleased submit this Application for Confidential Designation and supplemental documentation in response to Title 20, S. 1674 and Joint Appendix 7, for greenNet to become a Certified HERS Provider and Rating System for the 2016 Standards. Enalaysys Corporation will be applying as our Third Party Quality Control Program to be overseen by the greenNet Providership upon Commission approval.

Per Section 2505 of Title 20 of the California Code of Regulations, greenNet requests Confidential Designation for certain documents included with our application, submitted separately and identified in **Exhibit A- "greenNet Registry LLC Exhibit List"**. We request 4 Years of Confidentiality (equaling 1 code cycle of 3 years +1 extra year) to prevent statewide HERS applicants or Raters from discovering, using, attaining knowledge of, copying or duplicating any elements of, or revealing trade secrets of our electronic rating system, computer engineering, software programming, secured network, coding, business strategy, training, testing, quality assurance materials, or written materials which took significant time, talent and treasure to develop, design, program and produce for the greenNet rating system and HERS providership. This information has not been previously disclosed to the public, and disclosure would allow competitors to discover, view, duplicate, copy, photograph, know, rewrite, rework or game greenNet proprietary information causing irreparable damage to our business. This information has not been previously disclosed to the public. 4 Years (equaling 1 code cycle of 3 years +1 extra year is sufficient time for greenNet confidential information to be disclosed as the exhibit contents will be outdated and disclosure of the information will pose less of a competitive disadvantage at that time.

4 Year Confidentiality requested for: Exhibits B, C, D, F, I, K, L, M, N, O, P, Q, R, T, U, V, W.

We request **Indefinite Confidentiality for Exhibit A, Exhibit E, Exhibit G, Exhibit H, as** these exhibits contain highly sensitive information or personal information of shareholders of greenNet, Enalaysys, partners, affiliates, information on personnel, IP, shareholder, and other details which have never been disclosed to the public and should remain Confidential indefinitely.

Thank you for your review and consideration of our application. We look forward to your favorable response for greenNet to be certified as a California HERS Provider.

Respectfully,

John Carrieri, Manager

2. State and justify the length of time the Energy Commission should keep the information or data confidential.
4 Years.(1 code cycle of 3 years + 1 addiitional year) This protects confidential information for 1 cycle+a reasonable period in which providers apply for new code. Documents noted and requested "Indefinitely confidential" contain personal info, private shareholders, tradesecrets or IP.

- 3(a). State the provision(s) of the Public Records Act (Gov. Code, § 6250 et seq.) or other law that allows the Energy Commission to keep the information or data confidential, and explain why the provision(s) apply to that material.
Any of the following: Title 20, California Code of Regulations, Section 1674(b); section 2501 et seq.; Section 2505; Section 6254

- 3(b). Discuss the public interest in nondisclosure of the material submitted for a confidential designation. If the material contains trade secrets or its disclosure would otherwise cause loss of a competitive advantage, please state how it would be lost, the value of the information to the applicant and the ease or difficulty with which the information could be legitimately acquired or duplicated by others.
Materials include trade secrets, greenNet copyright materials that would only be available to registered and approved rater applicants to the training courses and Providership. Similar protections have been granted to other HERS Providers in the past.

4. State whether the information or data can be disclosed if it is aggregated with other information or masked to conceal certain portions (including but not limited to the identity of the applicant). State the degree of aggregation or masking required. If the data cannot be disclosed even if aggregated or masked, explain why.
None of the information is appropriate for aggregation. The information is not data or statistics and contains trade secrets or greenNet copyright materials.

5. State how the material is kept confidential by the applicant and whether it has even been disclosed to a person other than an employee of the applicant. If it has, explain the circumstances under which disclosure occurred.
Information has been shared with our technical provider, Energy Cloud Inc. and Enalasys Corporation as the Third Party Quality Control Program, submitted as part of this application.

I certify under penalty of perjury under the laws of the State of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the applicant.
