Thank you!

As many of you know, last week Ormat announced a 150MW Geothermal Portfolio Power Purchase Agreement (PPA) with Southern California Public Power Authority (SCPPA) serving the Los Angeles Department of Water and Power (LADWP).

This project is unlike anything the geothermal industry has seen before. Ormat will be delivering power from multiple geothermal facilities in Nevada including Tungsten Mountain, Dixie Meadows, Steamboat Hills, Brady, Steamboat 2&3 and others in development.

California's commitment to geothermal development is unparalleled and we wanted to take a moment and thank all of you for your tireless work up to this point, and for your continued dedication as we develop additional facilities in the Imperial Valley and Mammoth Lakes areas.
