## **Notice of Staff Workshop on Draft Solicitation Concepts for Renewable Hydrogen Transportation Fuel Production Facilities & Systems**

The California Energy Commission's Fuels and Transportation Division staff will conduct a staff workshop to provide a forum to discuss draft concepts under consideration for a solicitation on renewable hydrogen transportation fuel production facilities and systems. This workshop will discuss funding and eligibility requirements, consider evaluation criteria, and respond to public comment and questions.

The workshop will be held on:

### **Background**

The "Draft Solicitation Concepts" document details the concepts under consideration for a solicitation on renewable hydrogen transportation fuel production facilities and systems, to be issued by the California Energy Commission's Alternative and Renewable Fuel and

Vehicle Technology Program (ARFVTP). The goal of this solicitation is to provide grant funds to projects to construct and operate a hydrogen production facility using in-state, 100 percent renewable resources. The production facility would provide renewable hydrogen to the network of publicly accessible hydrogen refueling stations that serve the current population of fuel cell electric vehicles (FCEVs) and to accommodate the planned large-scale roll-out of FCEVs in the 2020 – 2022 timeframe.

## Public Comment

Oral comments – Oral comments will be accepted during the workshop. Comments may be limited to three minutes per speaker and any comments will become part of the public record in this proceeding.

Written comments – Written comments should be submitted by 5:00 p.m. on **August 15, 2017**. Please submit comments to the Energy Commission using the e-commenting feature by accessing the Commission’s TRANSPORTATION webpage, <http://energy.ca.gov/altfuels/2017-HYD-01/> and click on the “Submit eComment” link. A full name, e-mail address, comment title, and either a comment or an attached document (.doc, .docx, or .pdf format) is mandatory. After a challenge-response test is used by the system to ensure that responses are generated by a human user and not a computer, click on the “Agree & Submit Your Comment” button to submit the comment to the Energy Commission’s Docket Unit.

Please note that written comments, attachments, and associated contact information included within the documents and attachments (e.g., your address, phone, email, etc.) become part of the viewable public record. This information may become available via Google, Yahoo and any other search engines.

Interested stakeholders are encouraged to use the electronic filing system described above to submit comments. If you are unable to submit electronically, a paper copy of your comments may be sent to:

California Energy Commission  
Dockets Office, MS-4  
Docket No. 17-HYD-01  
1516 Ninth Street  
Sacramento, CA 95814-5512

Or e-mailing them to: [DOCKET@energy.ca.gov](mailto:DOCKET@energy.ca.gov) and indicating the proceeding title – Renewable Hydrogen Transportation Fuel Production.

Written comments will also be accepted at the workshop. However, the Commission may not have time to review them before the conclusion of the meeting.
