**RE: CEC Docket Number 16-AFC-1 (Stanton Energy Reliability Center)**

Dear Commissioners Scott and Douglass:

North Orange County Chamber of Commerce, an organization dedicated to the economic vitality and prosperity of our members and the region, strongly believes the Stanton Energy Reliability Center is an enormous positive impact on the financial well-being of Stanton and the surrounding communities. The community has provided significant support for this project at all levels. As representatives of the business community, we too would like to officially express our support for the Stanton Energy Reliability Center and urge approval of the AFC.

The Stanton Energy Reliability Center currently has agreements in place to sustainably fund local community-based organizations and to support important City infrastructure investments. In addition, it will provide much needed tax revenues to fund vital City services such as police and fire services.

I am writing to request that you and your fellow commissioners please approve this project as quickly as possible.

I thank you for your time and consideration.

Respectfully,

Theresa Harvey  
President & CEO
