Dear Mr. Simpson:

In reviewing your Petition to Intervene, it appears that you are relying on an outdated regulation (§ 1207) which no longer applies to petitions to intervene. I am including Alana Mathews, the Public Advisor, who can assist you in accessing the current regulations. The current regulations address the requirements for petitioning to intervene at Cal. Code Regs., tit. 20, § 1211.7. This section (like the old section) requires the petition to provide the telephone number of the petitioner (§ 1211.7(a)), which I do not see included in your petition. Therefore, please eFile a supplemental filing to the docket with the telephone number for Helping Hand Tools.

The Energy Commission's Public Adviser's Office provides the public assistance with formal and informal participation in Energy Commission proceedings. For information on how to participate, contact Alana Matthews, Public Adviser, at publicadviser@energy.ca.gov, (916) 654-4489, or (800) 822-6228. If you have any questions regarding the petition to intervene for Helping Hand Tools, please contact the Public Adviser's Office.
