Sent: Wednesday, August 23, 2017 2:41 PM
To: Kramer, Paul@Energy
Subject: RE: Presentation of Moorpark Sub-Area Study at September 14 hearing

Hearing Officer Kramer,

We do intend to present witnesses at the September 14 hearing to address any questions related to the study. Neil Millar and Nebiyu Yimer will be present at the hearing (along with myself). We are intending to present the witnesses as a panel, if possible. I will provide a docketed response with education, experience and qualifications for Mr. Millar and Mr. Yimer. As of now, I do not believe we will be presenting any additional information, but if that changes, we'll make sure it's docketed by August 30.

Thank you,
Jordan Pinjuv

Subject: Presentation of Moorpark Sub-Area Study at September 14 hearing

< EXTERNAL email. Evaluate before clicking. >

Mr. Pinjuv:

I write to address some details in advance of the Puente Power Project Committee's September 14, 2017 Evidentiary Hearing regarding the California ISO's Moorpark Sub-Area Local Capacity Alternative Study filed on August 16. As it is not clear that a party will be sponsoring the study into evidence, the Committee is taking the initiative to assure that the following details are addressed. Please confirm for us, either by email reply to me or in a docketed response:

1. Will the California ISO be sending witnesses to the Evidentiary Hearing? The parties and the Committee will no doubt have questions and comments about the study and we hope that its authors can be there to discuss its methodology and conclusions. Given the acoustics in the Oxnard venue, it would be best if at least the primary witness(es) is physically present rather than on the telephone.
2. Please supply the names and resumes or other information about the education, experience, and other qualifications of the witnesses.
3. If there are any other documents that provide background or other information relevant to the study, additional written testimony, or a PowerPoint presentation or other summary that you intend to present as part of your testimony, please file them at your earliest convenience, but no later than August 30. If they are already in the docket, please just identify them for us.

Thank you for your assistance in preparing for the hearing.

Paul Kramer
Hearing Officer
