Re: Docket 17-BSTD-01, Proposed Luminaire Requirements, Section 150.0(k)1

Dear CEC Staff and CASE Initiative Team:

This comment proposes a correction to a perceived typo in Section 150.0(k)1G

The text of Section 150.0(k)1G currently reads:

**150.0(k)1G. Lighting Integral to Exhaust Fans.** Lighting integral to exhaust fans shall meet the applicable requirements of Section 150.0(k).

**EXCEPTION to Section 150.0(k)1F:** Lighting installed by the manufacturer in kitchen exhaust hoods.

This section was previously numbered 150.0(k)1F. When it was renumbered to 150.0(k)1G, I believe that the exception should also have been renumbered to read 150.0(k)1G.

Thanks for the consideration.

Sincerely,

A handwritten signature in black ink that reads "Mike Moore".
