Re: Docket 17-IEPR-04: Pacific Gas and Electric Company Submits to the Record the Notice of 2019 Gas Transmission and Storage Filing made to the California Public Utilities Commission

On October 9, 2017, the California Energy Commission (CEC) conducted a workshop on its Draft Natural Gas Market Trends and Outlook Report. At that workshop, CEC Chair Robert Weisenmiller requested that Pacific Gas and Electric Company (PG&E) submit a copy of its 2019 Gas Transmission and Storage Application to the record for the 2017 Integrated Energy Policy Report. Accordingly, PG&E provides the enclosed "NOTICE OF AVAILABILITY OF PACIFIC GAS AND ELECTRIC COMPANY'S (U 39 G) 2019 GAS TRANSMISSION AND STORAGE RATE CASE APPLICATION," which contains information on how to access electronic copies of the numerous chapters of testimony and associated workpapers in this proceeding, as well as directions on how to request a hard copy of the testimony.

Sincerely,

/s/

Valerie J. Winn
