Re: Reference No. ENF-73/Certification for Repeated Application for Confidentiality

Dear Mr. Avery:

Hansgrohe Inc. (Hansgrohe) makes this submittal as a confidential settlement communication in further response to CEC Director, Office of Compliance Paul Jacob's June 23, 2017 letter. As reflected in this cover letter, Hansgrohe is applying for confidential treatment for this submittal.

This letter is submitted in compliance with the Repeated Application process in California Code of Regulations, Title 20, section 2505(a)(4). This provision states that an applicant seeking confidential designation for information that is substantially similar to information previously deemed confidential by the Commission need not reapply, but can provide "a certification, executed under penalty of perjury, stating that the information submitted is substantially similar to the previously submitted information and that all the facts and circumstances relevant to confidentiality remain unchanged."

Prior settlement communications from Hansgrohe were previously granted a confidential designation by the Executive Director pursuant to subdivision (a)(3)(A) of this section. The information here is also a settlement communication, and is "substantially similar" to the prior submittal, in that it contains references to materials previously submitted and designated confidential.

Accordingly:

December 18, 2017
Page Two

I certify under penalty of perjury that the information submitted herewith is substantially similar to the previously submitted information and that all the facts and circumstances relevant to confidentiality remain unchanged.

A handwritten signature in black ink, appearing to read 'T. Edmister', with a long horizontal line extending to the right.

Todd O. Edmister
