RE: Mission Rock Energy Center (Docket Number: 15-AFC-02)
1516 Ninth Street
Sacramento, CA 95814

Dear Commissioners:

As Members of the California State Legislature, we write to express our support for the City of Santa Paula's request to extend the Preliminary Staff Assessment (PSA) comment period for the Mission Rock Energy Center.

As you are aware, communities in our districts were devastated by the Thomas Fire, which became the largest fire in California history. It caused mass evacuations, structural damage, and two fatalities over the holiday season. Current winter rains also heighten the possibility of triggering debris flows, mudslides and flooding.

Extending the comment period will ensure that our local governments and community members will have adequate time to respond to the impacts of the Thomas Fire, and to fully review the PSA.

Thank you for the consideration of this request.

Sincerely,

MONIQUE LIMÓN
