*Docket Number: 16-OIR-05*

## **Separate but equal?**

Separate but equal?

Please provide the Energy Commission's rules that caused a pause to setup a separate podium for the public to speak at the February 1, 2018 AB1110 workshop held at the Energy Commission.

Please explain the status of the other speakers who used a already setup podium instead of the newly setup podium.

Please explain how this separate podium aids in the Energy Commission's completion of this statue required task as spoke of below.

PUC 398.4 (k)(2)(F) (i) On or before January 1, 2018, adopt guidelines, through an open process, subject to public comment, and adopted by a vote of the Energy Commission, for the reporting and disclosure of greenhouse gas emissions intensity associated with retail sales based on the requirements of this subdivision. Beginning June 1, 2020, retail suppliers shall be required to report data on greenhouse gas emissions intensity associated with retail sales occurring after December 31, 2018.

I make this February 1, 2018 AB1110 workshop comment because I feel discriminated against by the above described action taken by the California Energy Commission.

take care,

Steve Uhler

Member of the public
