Subject: FW: PRIORITY: HERS Solar Inspections letter to CEC - Docket #17-BSTD-02
Attachments: E. Schmaltz.pdf

Good afternoon,

In response to the CEC proposal to rely on building departments as opposed to HERS Raters to conduct Solar PV inspections, I have produced the attached letter for the CEC's consideration during this public commenting period leading to finalized 2019 code updates. It is imperative that the CEC ensures HERS Raters continue to provide solar inspections as we are most adequately equipped to collect the necessary data and report it to the CEC.

Thank you,

Estee Schmaltz
