DOCKET NO. 16-AFC-01

**STANTON ENERGY RELIABILITY
CENTER, LLC's STATUS REPORT No.
11**

In accordance with the Committee Scheduling Order dated May 1, 2017, Stanton Energy Reliability Center, LLC (SERC, LLC) has prepared this Status Report No. 11 to inform the Committee of the progress made in the review of the Application For Certification (AFC) for the Stanton Energy Reliability Center (SERC). The following summarizes the status of the Commission process since the filing of Status Report No. 10 on February 15, 2018.

The South Coast Air Quality Management District (SCAQMD) published the Preliminary Determination of Compliance (PDOC) on February 9, 2018. On February 14, 2018, SERC docketed the Cumulative Air Quality Impact Analysis. These were the last outstanding items requested by Staff to complete its Preliminary Staff Assessment (PSA).

SERC, LLC is awaiting the PSA and urges Staff to publish the PSA before the date allowed by the Scheduling Order in order to advance the schedule. To that end, SERC, LLC is prepared to review the PSA quickly and to file its preliminary comments well in advance of the PSA Workshop, which is tentatively scheduled for the afternoon of April 18, 2018 in Stanton, California.
