Subject: STANTON RELIABILITY ENERGY CENTER (16-AFC-01) STATUS REPORT #12

Staff hereby files Status Report #12 for the Stanton Reliability Energy Center. This report is a summary of activities since Status Report #11.

Schedule:

Staff published the Preliminary Staff Assessment (PSA) on March 29, 2018, 45 days from the receipt of the Air District's Preliminary Determination of Compliance (PDOC). The 30 day public comment period on the PSA ends on April 30, 2018.

A PSA workshop was held on April 18, 2018, located at the City of Stanton Community Center located at the City Hall. During the PSA workshop, no comments from the audience, agencies, or interested parties were received on the applicant's requested condition of certification (COC) changes. Both staff and the applicant have agreed on several COC changes and staff has requested additional information and Data Requests based on the project changes. The public comment period on the PSA ends on April 30, 2018.

Staff is now working on the Final Staff Assessment and will address any agency, public, and interested party's comments received since publication of the PSA. Additionally, the applicant submitted minor changes to the project in their comments on the PSA. Staff will review and analyze these proposed changes in the FSA.
