STATE OF CALIFORNIA  
ENERGY RESOURCES CONSERVATION  
AND DEVELOPMENT COMMISSION

In the Matter of:

Pio Pico Energy Center

Docket Nos. 11-AFC-01 and 11-AFC-01C

Petition to Change Operational Control

PETITION TO CHANGE OPERATIONAL CONTROL OF THE  
PIO PICO ENERGY CENTER FACILITY

Pursuant to California Code of Regulations, Title 20, Section 1769(b), Southwest Generation Operating Company, LLC submits this petition to change operational control of the Pio Pico Energy Center facility upon termination of the contract of the current facility operator.

Pio Pico Energy Center is a 336-megawatt, gas-fired, simple cycle facility located in San Diego County. The owner of the Pio Pico Energy Center facility is and will continue to be Pio Pico Energy Center, LLC. Southwest Generation Operating Company, LLC (“SWG”) is assuming operational control of the Pio Pico Energy Center facility from the contractor that has been operating the facility, NAES Corporation.

IIF US Holding LP is the ultimate upstream parent of both Pio Pico Energy Center, LLC and SWG. SWG is an experienced operator of electric generating facilities, and this change in operational control is part of a plan to bring operations of facilities in the IIF US Holding LP portfolio of companies “in-house,” rather than contracting with third party operators. The change in operational control will not result in a change of personnel working at the Pio Pico Energy Center facility.

This proposed change in operational control of the Pio Pico Energy Center facility does not seek any changes to the conditions of certification. As required by Section 1769(b), the Affidavit of Greg Trewitt in Support of Petition to Change Operational Control is attached as an Exhibit to this Petition. The Affidavit attests that, as the new operator of the Pio Pico Energy Center facility, SWG

1 understands the conditions of certification applicable to the facility and agrees to comply with those  
2 conditions of certification immediately upon assuming operational control.

3 SWG respectfully requests that the Commission approve this Petition at the June 13, 2018  
4 Business Meeting.
