RE: Phase 2 Appliance Efficiency Regulations for Federally Exempted Linear Fluorescent Lamps

Dear Dr. Pasha:

Philips Lighting appreciates the opportunity to comment on the potential regulation of federally exempted linear fluorescent lamps. We are skeptical that any regulation of high CRI linear fluorescent lamps will be cost effective and will comment further if language is issued for review.

Philips Lighting is a global leader in lighting products, systems and services. Our understanding of how lighting positively affects people coupled with our deep technological know-how enable us to deliver digital lighting innovations that unlock new business value, deliver rich user experiences and help to improve lives. Serving professional and consumer markets, we sell more energy efficient LED lighting than any other company. We lead the industry in connected lighting systems and services, leveraging the Internet of Things to take light beyond illumination and transform homes, buildings and urban spaces.

Sincerely,
