**Subject:** Port of Stockton Complaint - Date Correction

Good afternoon - On May 29, 2018, the Committee assigned to oversee the Complaint Against the Stockton Port District for Noncompliance with the Renewables Portfolio Standard docketed its Denial of Staff Motion to Bifurcate in the docket for the proceeding (18-RPS-01). On May 31st, Energy Commission staff filed a request for clarification of one of the dates identified in the Denial. Specifically, staff pointed out that on page 2 of the Denial, staff is directed to file by declaration any additional evidence it wishes to present regarding the Port's specific claims on or before May 25, 2018. On behalf of the Committee, this e-mail serves to correct that date to June 22, 2018. All other dates in the Denial are correct. If any party has any questions about this correction, they may raise them to the Committee via a docketed, all-party e-mail.

Caryn Holmes  
Attorney IV  
California Energy Commission
