**REQUEST TO TRANSFER OWNERSHIP**

**PIO PICO ENERGY CENTER (11-AFC-1C)**

On May 8, 2018, Pio Pico Energy Center, LLC, filed a petition with the California Energy Commission (Energy Commission) requesting to transfer operational control for the Pio Pico Energy Center (PPEC) from Pio Pico Energy Center, LLC, to Southwest Generation Operating Company, LLC ("SWG"). The 336-megawatt PPEC project was certified by the Energy Commission on September 17, 2012, and began commercial operation in November 2016. The facilities are located in an unincorporated area of San Diego County, California.

The request would transfer responsibility for compliance with Conditions of Certification to SWG. A statement describing the change in ownership, signed under penalty of perjury by a representative of SWG, was submitted as required by Title 20, California Code of Regulations, section 1769(b). The statement affirms that the new owner agrees to be bound by the requirements of the Energy Commission's Decision for the project and understands the obligations imposed by the Conditions of Certification. The Energy Commission may approve changes of ownership after a 14-day public notice.

The Petition requesting the transfer of ownership is available on the Energy Commission's webpage for this facility at <http://www.energy.ca.gov/sitingcases/piopico/index.html>.

This Notice of Receipt is being mailed to interested parties and property owners adjacent to the facility site who may want to submit comments.
