Good afternoon – I'd like to inform you that the Committee has tentatively established September 18, 2018 from 1-5 pm as the date and time for the hearing in the above-captioned matter. A Hearing Order will be issued in mid-late August that 1) identifies the location of the Hearing; 2) addresses receipt of the Port's and Staff's exhibits into the evidentiary record; and 3) provides guidance about the scope and length of oral argument. In particular, the Hearing Order will identify specific questions regarding the application of the legal principles governing substantial compliance to the facts of this case, and the legal effect of mitigating circumstances on RPS non-compliance generally. As noted previously, the Committee will also allow the parties ample time to address any additional issues they believe are relevant to the disposition of this proceeding.
