# You're Invited: BOEM California Renewable Energy Intergovernmental Task Force Meeting

**09-07-2018**

The Bureau of Ocean Energy Management (BOEM) invites you to the agency's upcoming California Intergovernmental Renewable Energy Task Force meeting on September 17, 2018, in Sacramento, CA. The meeting will be held at the following location:

The Citizen Hotel  
926 J Street  
Sacramento, California 95814  
8:30 a.m. to 3:00 p.m.

The purpose of this meeting is to review and discuss the issuance of a Call for Information and Nominations on areas for potential leasing for offshore wind development, the next step in BOEM's planning process for possible future leasing.

Additional meeting information, including an agenda with remote attendance details, will be available on our website at: <https://www.boem.gov/California>.

BOEM's California Intergovernmental Renewable Energy Task Force, established in 2016, reflects a partnership between Federal, state, and local agencies, as well as tribal governments. BOEM is seeking to identify potential areas in federal waters offshore California that may be suitable for offshore renewable energy development, and this task force provides critical information to the decision-making process.

Members of the public are invited to attend. There will be an opportunity for public input.

Additional details, including BOEM's history of coordination with the task force and other stakeholders, are available on BOEM's website at <https://www.boem.gov/California>.
