**Notice of Availability and
Request for Comments on the AB 1110
Implementation Proposal for Power Source
Disclosure, Third Version
CEC-300-2018-001-REV3**

California Energy Commission staff is requesting comments on the *AB 1110 Implementation Proposal for Power Source Disclosure, Third Version* staff report, which is available from the California Energy Commission's website at http://www.energy.ca.gov/power_source_disclosure/documents/index.html.

Background

The California Energy Commission plans to institute a formal rulemaking to consider modifications to the Electricity Generation Source Disclosure regulations, Title 20, California Code of Regulations, Section 1390 et seq. These regulations implement a program referred to as the Power Source Disclosure Program (PSD), which requires electricity retail suppliers to disclose to consumers the electricity sources in their products compared with the mix of electricity sources providing power for California. The planned rulemaking will address the statutory requirements of AB 1110 (Ting, Chapter 656, Statutes of 2016), as well as revisions to clarify existing provisions, improve program operations, and streamline reporting requirements for the PSD program. Under AB 1110, the PSD Program will also require electricity retail suppliers to disclose to customers the greenhouse gas (GHG) emissions intensity of the retail suppliers' electric service products and the quantity of unbundled renewable energy credits procured in association with electric service products. Retail suppliers will begin disclosing GHG emissions intensities on the PCL in 2020 for 2019 calendar year data.

Development of the amendments to the PSD regulations is in the pre-rulemaking phase. As needed, pre-rulemaking workshops are held by the Energy Commission to seek public input for developing and refining draft regulations. Energy Commission staff conducted a number of pre-rulemaking workshops in 2017 and early 2018, to solicit input on implementation of AB 1110. Energy Commission staff plan to conduct another pre-rulemaking workshop later this year to present draft regulatory language based on the *AB 1110 Implementation Proposal for Power Source Disclosure, Third Version*.

Written Comments

Written comments should be submitted to the Dockets Unit by **5:00 p.m. on October 25, 2018**.

Please note that your written comments, attachments, and associated contact information (e.g., your address, phone number, email address) become part of the viewable public record. This information may become available via Google, Yahoo, and other search engines.

The Energy Commission encourages use of its electronic commenting system. Visit the website at <https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=16-OIR-05>. This will take you to the page for adding comments to this docket. Please enter your contact information, any organization name, and a comment title describing the subject of your comments. You may include comments in the box titled "Comment Text" or attach a file in a downloadable, **searchable format** in Microsoft® Word (.doc, .docx) or Adobe® Acrobat® (.pdf). Maximum file size is 10 MB.

Written comments may also be submitted by emailing them (include the docket number 16-OIR-05 and AB 1110 Implementation Rulemaking in the subject line) to the Docket Unit at docket@energy.ca.gov.

If you prefer, you may send a paper copy of your comments to:
