## **CPP Fuel content**

CPP Fuel content

What is the makeup of the fuel content for CPP?

How is the fuel content monitored?

How much Lead (Pb) is in the fuel?

How much Radon (Ra) is in the fuel?

What is the (210)Pb and (222)Ra content?

Please view this link <https://www.ncbi.nlm.nih.gov/pubmed/15885858> for example of finding (210)Pb and (222)Ra in pipelines.

thanks,

Steve Uhler
