NOTICE OF RECEIPT
PETITION FOR CHANGE OF OPERATIONAL CONTROL for the
Hanford Peaker Plant (01-EP-7C)

On February 1, 2019, MRP San Joaquin Energy, LLC, filed a petition with the California Energy Commission (Energy Commission) requesting to transfer operational control for the Hanford Peaker Plant (HPP) from AltaGas Tracy Operations, Inc., to MRP San Joaquin Energy LLC. The simple-cycle, natural gas-fired, 95-megawatt facility was certified by the Energy Commission in its Decision on April 26, 2001, and began commercial operation on September 3, 2001. The facility is located approximately three miles south of the City of Hanford in Kings County.

The request would transfer responsibility for compliance with conditions of certification to MRP San Joaquin Energy, LLC. A statement describing the change in operational control, signed under penalty of perjury by a representative of MRP San Joaquin Energy, LLC, was submitted as required by Title 20, California Code of Regulations, section 1769(b)(2). The statement affirms that the new owner agrees to be bound by the requirements of the Energy Commission's Decision for the project and understands the obligations imposed by the conditions of certification. The Energy Commission may approve changes of operational control after a 14-day public notice.

The Petition requesting the transfer of operational control is available on the Energy Commission's webpage for this facility at <http://www.energy.ca.gov/sitingcases/peakers/hanford/>. This Notice of Receipt is being mailed to interested parties and property owners adjacent to the facility site who may want to submit comments.

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments. Once submitted, the Energy Commission Dockets Unit reviews and approves your comments, and you will receive an e-mail with a link to them.

Written comments may also be mailed or hand-delivered to:
