Docket unit reply to my request to file

Dear Energy Commissioners,

Please consider my comment for every agenda item for the April 10, 2019 business meeting and every agenda past and future for your business meetings where a docket was not opened and instructions for filing of documents was not made available.

The Docket unit failed to open a docket for the April 10, 2019 business meeting and said "Since there is no docket number to efile your comment, the Docket Unit cannot assist you.". Please see email below.

Please see that the Docket unit staff follow the regulations adopted by the commission in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) as they apply to filing documents to be deemed part of a proceeding's record.

Docket unit staff appear to be operating through underground regulations, re GOV section 11340.5 (a).

There is no link to the commission's automated electronic filing or commenting system on the business meeting web page, https://www.energy.ca.gov/business_meetings/ .

Please correct these issues where commission staff operate from what appears to be underground regulations.

thanks,

Steve Uhler
