**RE: Repeated Application for Confidential Designation
Constellation NewEnergy, Inc. 2019 IEPR Electricity Demand Forecast
Submission, Docket No. 19-IEPR-03.**

Dear Mr. Bohan:

Constellation NewEnergy, Inc., (“CNE”) respectfully requests protection of certain information provided to the Commission in its accompanying Electricity Demand Forecast submission.

Information submitted to the Energy Commission may be deemed confidential without the need for a new application under California Code of Regulations, Title 20, Sections 2505(a)(1)(G) and 2505(a)(4) if CNE files a certification under penalty of perjury that the new information is substantially similar to the information previously granted confidentiality. By letter dated May 3, 2017 (see Attachment A hereto) the Commission granted CNE’s request for confidential designation for information submitted in CNE’s 2017 IEPR Electricity Demand Forecast submission in docket 17-IEPR-03.

CNE’s 2019 Electricity Demand Forecast Form 7.1 submission contains information that is substantially similar to its previously submitted 2017 Electricity Demand Forecast Form 7.1 information and all facts and circumstances relevant to the confidentiality of the information remain unchanged.

Specifically, CNE requests that the following information, as also indicated by the yellow pattern cells on the accompanying Excel workbook, worksheet “Form 7.1”, remains confidential through December 31, 2022:
