**NOTICE OF RECEIPT
FOR POST CERTIFICATION PETITION FOR CHANGE IN PROJECT DESIGN,
OPERATION, OR PERFORMANCE
for the
ALAMITOS ENERGY CENTER (13-AFC-01C)**

On April 4, 2019, a petition was filed with the California Energy Commission (Energy Commission) requesting to modify the combined cycle gas turbine (CCGT) and simple cycle gas turbine (SCGT) operating hours to optimize project operations and to achieve an operating profile that more closely mirrors the Project Owner's affiliated project located in Huntington Beach.

The petition was docketed by Energy Commission staff on April 4, 2019. The Alamitos Energy Center is a 1,040-megawatt combined cycle electric generating station, was certified by the Energy Commission on April 12, 2017, and began construction on June 9, 2017. The facility is located at 690 North Studebaker Road in the City of Long Beach.

SUMMARY OF PROPOSED CHANGES

This petition for a post-Certification project change includes the following changes:

- Increase the CCGT operating hours from 4,460 per unit per year (including starts and stops) to 6,545 hours per year per unit (including starts and stops);
- Decrease the SCGT operating hours from 2,360 per unit per year (including starts and stops) to 1,060 hours per year per unit (including starts and stops);
- Modify air emission limits commensurate with the modification of operating hours; and
- No changes to the number or type of startup and shutdowns are required or proposed.

This Notice of Receipt has been mailed to the Energy Commission's facility mail list of interested parties and property owners adjacent to the facility site. The petition requesting the project change has been docketed and is available on the Energy Commission's webpage for this facility at:

AMENDMENT REVIEW PROCESS

Energy Commission staff is currently reviewing the petition. The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality and on public health and safety.

The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination on whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations and standards (20 Cal. Code of Regs., § 1769).

Upon completion of its review, staff will submit the petition to the Energy Commission for consideration at a scheduled Business Meeting.

PUBLIC PARTICIPATION PROCEDURES

Any person may comment on the petition. To use the Energy Commission's electronic commenting feature, go to the Energy Commission's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form.
