**Re: Sacramento Municipal Utility District – 19-IEPR-02**  
**Designation of Confidential Information**

Attached please find the Sacramento Municipal Utility District's (SMUD) Integrated Energy Policy Report (IEPR) supply forms in Excel. This filing is submitted under Docket No.19-IEPR-02 – Electricity Resource Plans.

Pursuant to California Code of Regulations, Title 20, Section 2505(a)(5)(B), SMUD understands that the information highlighted in yellow in Forms S-2 and S-5 will include an automatic confidentiality designation by the California Energy Commission. I attest under penalty of perjury that the following information included in this submission has not been previously released (except as noted below) and that it falls within subsection 7 as including "Electric power plant name, nameplate capacity, voltage at which the power plant is interconnected with a UDC system or transmission grid, address where the power plant is physically located, power plant owner's full legal name and address or longitude and latitude." Therefore, this information is deemed confidential.

Please be advised that in prior IEPR filings, SMUD inadvertently included this confidential information in its public filing. However, SMUD does not waive its right to designate this information as confidential in this 2019 filing.
