**RE: Repeated Application for Confidential Designation  
Constellation NewEnergy, Inc. 2019 IEPR Electricity Resource / Supply Plans  
Submission, Docket No. 19-IEPR-02.**

Dear Mr. Bohan:

Constellation NewEnergy, Inc., (“CNE”) herewith submits its 2019 IEPR Electricity Resource / Supply Plan. CNE coordinated with Energy Commission staff to submit its Supply Plan today in order to ensure reported data accuracy and internal review.

CNE respectfully requests protection of certain information provided to the Commission in its accompanying Electricity Resource / Supply Plan submission.

Information submitted to the Energy Commission can be deemed confidential without the need for a new application under California Code of Regulations, Title 20, Sections 2505(a)(1)(G) and 2505(a)(4) if CNE files a certification under penalty of perjury that the new information is substantially similar to the information previously granted confidentiality. By letter dated May 3, 2017 (see Attachment A hereto) the Commission granted CNE’s request for confidential designation for information submitted in CNE’s 2017 IEPR Electricity Resource Plan Forms submission in docket 17-IEPR-02.

CNE’s 2019 Electricity Resource Planning Forms submission contains information that is substantially similar to its previously submitted 2017 Electricity Resource / Supply Plans submission and all facts and circumstances relevant to the confidentiality of today’s submission’s information remain unchanged.

Specifically, CNE requests that the following information, as also indicated by the yellow pattern cells on the accompanying Excel workbook, worksheets “S-1\_Requirement”, “S-2\_Supply” and “S-5 Table” remain confidential through December 31, 2022:
