Docketed Date:	5/29/2019

From: [Cochran, Susan@Energy](mailto:Cochran.Susan@Energy)
To: tgulesserian@adamsbroadwell.com
Subject: Laurelwood SPPE: Petition to Intervene on Behalf of CURE
Date: Wednesday, May 29, 2019 12:12:00 PM

Dear Ms. Gulesserian:

The Presiding Member of the Committee conducting review of the Laurelwood Data Center Small Power Plant Exemption has reviewed the petition for intervention (Petition) you filed on behalf of your client, California Unions for Reliable Energy (CURE).

The Petition does not specify “the extent to which the petitioner desires to participate in the proceedings,” as required by the Energy Commission’s regulations, California Code of Regulations, title 20, section 1211.7. Recently, the standard has been to require petitioners to specify topics on which they wish to intervene. This approach allows the Committee to manage the proceedings more effectively. As an example of the type of specification, please see the recent petition to intervene filed by Robert Sarvey (TN 228057).

Therefore, please specify the topics in which CURE and its members would like to intervene. Specifying these topics now does not preclude requesting later additions to the topics of CURE’s intervention.

Responses to motions must be filed within 14 days of filing. (Cal. Code Regs., tit. 20, §1211.5, subd. (a).) Responses to CURE’s Petition are due Tuesday, June 4, 2019. Therefore, please file the required information by Friday, May 31.

Susan Cochran
