Background

On December 30, 2015, Mission Rock Energy Center, LLC (Applicant) submitted an Application for Certification (Application) to the California Energy Commission (Energy Commission) seeking permission to construct and operate a 275-megawatt natural-gas-fired power generation facility, the Mission Rock Energy Center (Proposed Project).¹

On May 21, 2019, the Applicant filed a notice withdrawing their Application.⁵ The Applicant’s notice was properly dated and signed under penalty of perjury in compliance with sections 1707 and 1709.8 of the Energy Commission’s regulations.⁶ Section 1709.8(b) requires the Presiding Member to terminate the proceeding and close the docket upon receipt of a properly-executed notice of withdrawal.
