Attached and pasted below is an updated notice regarding the August 19, 2019 interagency VGI Working Group Launch meeting.

Public Workshop Notice in R.18-12-006: Vehicle-Grid Integration Working Group Launch

August 19, 2019 10AM-5PM	<i>California Energy Commission 1516 Ninth Street Sacramento, CA 95814</i> <i>Remote Participation:</i> https://energy.webex.com/energy/j.php?MTID=m270fc9c825ec462594db768aae2c4562 Call-in: 1-866-469-3239, Meeting number/Access code: 921 833 051
-------------------------------------	---

AGENDA

California state agencies are launching a new joint Vehicle-Grid Integration working group on August 19, 2019. As directed in the California Public Utilities Commission Rulemaking (R.)18-12-006, the new working group will focus on identifying, capturing, and scaling the value of VGI. At a minimum, the working group scope will cover:

- a. What VGI use cases can provide value now, and how can that value be captured?
- b. What policies need to be changed or adopted to allow additional use cases to be deployed in the future?
- c. How does the value of VGI use cases compare to other storage or DER?

This initial meeting will offer interested parties a chance to learn about the working group's scope of work and help inform the work plan for the interagency working group effort.

This notice is available at www.cpuc.ca.gov/vgi. The agenda and further meeting details will be added to that website and circulated to the appropriate stakeholders closer to the date of the meeting.

Though a quorum of commissioners may be present, no decisions will be made.

Please direct requests for reasonable accommodation to Yolanda Rushin at Yolanda.Rushin@energy.ca.gov or (916) 654-4310 at least five days in advance.

Questions on the subject matter of this meeting should be directed to Carrie Sisto cs8@cpuc.ca.gov or 415-703-2872.
