CALIFORNIA ENERGY COMMISSION

1516 Ninth Street Sacramento, California 95814

Main website: www.energy.ca.gov CEC-57 (Revised 1/19)

NOTICE OF RECEIPT PETITION FOR POST CERTIFICATION CHANGE STANTON ENERGY RELIABILITY CENTER (16-AFC-01C)

On August 23, 2019, a petition for post certification change was filed with the California Energy Commission (CEC) for the Stanton Energy Reliability Center (SERC) (TN#: 229517). The petition adds three additional temporary construction laydown areas for gas pipeline work, parking, and equipment.

SERC is a 98-MW simple cycle facility with 10-MW of integrated battery storage. SERC was certified by the CEC on November 7, 2018, and began construction on February 12, 2019. The facility is located in the city of Stanton at 10711 Dale Avenue in Orange County.

SUMMARY OF PROPOSED CHANGES

If approved, the request would allow for three additional construction staging areas located along the gas line route. The proposed locations are:

- 1. An undeveloped parcel 0.3-acre in size, located northeast of Schweitzer Elementary School, on the east side of Dale Avenue, north side of Carbon Creek, in the city of Anaheim.
- 2. A paved parking area 1.4-acre in size, located north of Walmart, 8450 La Palma Avenue, Buena Park Place Mall, in the city of Buena Park.
- 3. A paved parking area 1.87-acre in size, located south of Sears Tire Center, 8450 La Palma Avenue, Buena Park Place Mall, in the city of Buena Park.

The petition requesting the project change has been docketed and is available on the CEC's webpage for this facility at:

https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=16-AFC-01C.

PETITION REVIEW PROCESS

CEC staff is currently reviewing the petition. The purpose of the CEC's review process is to assess the impacts of this proposal on environmental quality and on public health and safety.

The review process also includes an evaluation of the consistency of the proposed changes with the CEC's Decision and a determination on whether the facility, as changed, would remain in compliance with applicable laws, ordinances, regulations, and standards (Cal. Code of Regs., tit. 20, § 1769).

After staff has completed its independent review and analysis of this petition, staff will publish an assessment for public review and comment. Staff will also provide written notice of its intent to either process the proposed changes as a staff approved project change or schedule the project changes to be heard for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION PROCEDURES

This Notice of Receipt has been mailed to the CEC's facility mail list of interested parties and property owners adjacent to the facility site. Any person may comment on the petition. To use the CEC's electronic commenting feature, go to the CEC's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments.

Written comments may also be mailed or hand-delivered to:

California Energy Commission Docket Unit, MS-4 Docket No. 16-AFC-01C 1516 Ninth Street Sacramento, CA 95814-5512

All comments and materials filed with the Docket Unit will be added to the facility Docket Log and become publicly accessible on the CEC's webpage for the facility.

If you have questions about this notice, please contact John Heiser, Compliance Project Manager, at (916) 653-8236, or by fax to (916) 654-3882, or via e-mail at John.Heiser@energy.ca.gov.

For information on participating in the CEC's review of the petition, contact the Public Adviser, at (916) 654-4489 or (800) 822-6228 (toll-free in California) or send your e-mail to publicadviser@energy.ca.gov.

News media inquiries should be directed to the CEC Media Office at (916) 654-4989, or by e-mail to mediaoffice@energy.ca.gov.
