**651 WALSH PARTNERS, LLC'S
SUPPLEMENTAL STATUS REPORT**

651 Walsh Partners, LLC (WP, LLC) previously filed its response to Staff's Memorandum Regarding its Issue Identification Report and Proposed Schedule on August 26, 2019 in preparation for discussions at the August 29, 2019 Committee Status Conference. In that response WP, LLC proposed that since it was currently preparing responses to Staff's Data Request Set 1, it was premature to set a schedule for Staff to prepare its Initial Study/Mitigated Negative Declaration (IS/MND). Due to the amount of time required to prepare the information Staff requested, WP, LLC has not yet been able to file its complete supplemental responses for Data Request Set 1. Since the time of the Status Conference, Staff has also issued Data Request Set 2.

Therefore, WP, LLC proposes that it file its complete supplemental responses by October 21, 2019 and proposes it and Staff work together to file a joint stipulated schedule for publishing the IS/MND by October 31, 2019. WP, LLC believes Staff will be able to publish the IS/MND in November, 2019.

WP, LLC acknowledges that Staff may have additional data needs after it reviews WP, LLC's final responses to Staff Data Request Sets 1 and 2. WP, LLC agrees not to object (on the grounds that discovery is closed) to additional Staff data requests as long

as those data requests are promptly made, narrowly tailored to the WP, LLC's initial and final data responses, and are absolutely necessary to complete the IS/MND.
