Opening Video

"Leading the Way to California's Clean Energy Future"

Welcome and Opening Comments

Chair David Hochschild, *California Energy Commission*
Commissioner Liane Randolph, *California Public Utilities Commission*
Richard Corey, Executive Officer, *California Air Resources Board*

Agency Presentations

California's Climate Strategy and Carbon Neutrality, Carey Bylin, California Air Resources Board

- Overview of California's clean energy and climate targets and key policy drivers. Discussion of how SB100 fits into the state's various climate/energy policies, programs, and reports.

California Clean Electricity Programs Overview, Simon Baker, California Public Utilities Commission

- Status update on California's progress toward transitioning to a clean electricity system, including the IRP process and key programs and policy implementation.

SB 100 Joint Agency Report Process and Implementation, Siva Gunda, California Energy Commission

- Outline of SB 100 Report Requirements, interagency process, future workshops and public engagement, and a discussion of key questions for consideration in the SB 100 Report.
 - How should the SB 100 report approach and address system and local reliability? What key factors should be considered?
 - How should issues around equity (environmental, economic, social) and affordability be addressed?
 - How should land use planning issues be considered?
 - Other challenges or considerations?

Stakeholder Presentations

Mayor Rey Leon, *City of Huron*
Brad Koehn, *Turlock Irrigation District*
Leslie Martinez, *Leadership Council for Justice & Accountability*
