CEC-57 (Revised 1/19)

**NOTICE OF RECEIPT
PETITION TO AMEND
STANTON ENERGY RELIABILITY CENTER (16-AFC-01C)**

On September 13, 2019, Stanton Energy Reliability Center, LLC (project owner) filed a post certification change (petition) with the California Energy Commission (CEC) for the Stanton Energy Reliability Center (SERC).

SERC is a 98 megawatt (MW) simple-cycle facility with 10 MW of integrated battery storage at 10711 Dale Avenue in the City of Stanton. The CEC approved the application for certification on November 7, 2018 and construction of the facility began on February 12, 2019. The facility is expected to begin operating by the first quarter of 2020.

SUMMARY OF PROPOSED CHANGES

This petition (TN#: 229730), requests the site boundary be modified to eliminate a portion of Parcel 2 (other than temporary construction trailers, parking and laydown area) from the Commission Final Decision (Decision). If approved, the request would modify the site boundary approximately 258 feet east of the current boundary at Pacific Street. The request will also eliminate a warehouse and associated parking areas as shown in the Decision.

This Notice of Receipt has been mailed to the facility's mail list of interested parties and property owners adjacent to the facility site. This Notice and the petition requesting the project amendment have been filed and are available on the CEC's webpage for this facility at:

<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=16-AFC-01C>.

REVIEW PROCESS

CEC staff is currently reviewing the petition. The review process includes an evaluation of the change and the possible significant effect on the environment, compliance with applicable laws, ordinances, regulations or standards and if a change to or deletion of a condition of certification is required.

After staff has completed its independent review and analysis of this petition, staff will publish an assessment for public review and comment. Staff will also provide a notice of its intent to either process the proposed changes as a staff approved project change or

schedule the project changes to be heard for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION

This Notice of Receipt has been mailed to the CEC's facility mail list of interested parties and property owners adjacent to the facility site. Any person may comment on the petition. To use the CEC's electronic commenting feature, go to the CEC's webpage for this facility, cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments.

Written comments may also be mailed or hand-delivered to:

California Energy Commission
Docket Unit, MS-4
Docket No. 16-AFC-01C
1516 Ninth Street
Sacramento, CA 95814-5512

All comments and materials filed with the Dockets Unit will be added to the facility Docket Log and become publicly accessible on the CEC's webpage for the facility. To receive future filings related to this project, go to the Commission's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.
