**Re: Request for Jurisdictional Determination Filed on August 22, 2019, to
Docket No. 16-JUR-01**

Dear Mr. Uher:

The California Energy Commission (CEC) received your request for jurisdictional determination filed on August 22, 2019, in the 16-JUR-01 docket. California Code of Regulations, Title 20, section 1234 sets forth the process for requesting a jurisdictional determination. Specifically the section states, "Any person engaged in an activity potentially regulated by the commission may request a jurisdictional determination by the executive director as to whether the commission has regulatory authority over a particular activity."

While your request contains a variety of questions related to the California Renewables Portfolio Standard program, the request does not identify any specific activity you would be engaged in that might trigger CEC jurisdiction.

Sincerely,

A handwritten signature in blue ink, appearing to read "Drew Bohan".

Drew Bohan
Executive Director
