Dear Public Advisor Public Advisor,

Please oppose the SMUD staff proposal that will deny thousands of new homeowners and renters the savings and security of rooftop solar and storage, and gut the state "Solar Homes" plan. SMUD's proposal will:

- \* Discourage solar from being installed directly on new homes.
- \* Make it harder for homeowners to add solar and storage later on.
- \* Deny new residents the chance to save hundreds of dollars on their energy bills each year.
- \* Deny new residents the ability to keep the lights on during blackouts. By charging solar customers for actually having solar and wanting to help abate the climate crisis a bit solar customers are being punished. SMUD is being greedy because they are not making as much of a profit from solar customers. SHAME ON YOU. Trying to deny new homeowners putting solar on their roofs of their homes is a violation against the state of California which has a requirement that all new residences must have solar. SMUD, you are looking like greedy ridiculous fools for these actions against solar customers. STOP IT!!!

Sincerely,  
Cinda Johansen  
Folsom, CA 95630
