Dear Public Advisor Public Advisor,

Please oppose the SMUD staff proposal that will deny thousands of new homeowners and renters the savings and security of rooftop solar and storage, and gut the state "Solar Homes" plan. SMUD's proposal will:

- * Discourage solar from being installed directly on new homes.
- * Make it harder for homeowners to add solar and storage later on.
- * Deny new residents the chance to save hundreds of dollars on their energy bills each year.
- * Deny new residents the ability to keep the lights on during blackouts.
- * We need to de-centralize the grid not make it more costly for the future as I believe the SMUD shared proposal will do
- * I think a new budget specialist will help concerns of costs plus a more visionary approach to letting infrastructure power city lights with a move towards independent power generation for residences.

Sincerely,
Darryl Hoytt
