**Notice of Public Comment Period  
Docket No. 19-BSTD-06**

**Application for Approval of  
Locally Adopted Building Energy Standards  
in Accordance with Section 10-106 of  
the California Code of Regulations, Title 24, Part 1**

**Local Jurisdiction Name:** City of Encinitas

**Date of Local Adoption:** November 13, 2019

**Designation of Locally Adopted Standard:** Ordinance Nos. 2019-21 & 2019-22

## **Purpose**

The California Energy Commission (CEC) has posted this locally adopted energy standard for a mandatory 60-day public review, per California Code of Regulations, Title 24, Part 1, Chapter 10, Section 10-106 and Section 10-110. The application has been determined to be complete by CEC staff, including all the supporting information necessary to meet the requirements of Section 10-106. The CEC seeks public comments on whether the locally adopted energy standard will save more energy than the *2019 California Energy Code*, California Code of Regulations, Title 24, Part 6 (Energy Code).

The full application is available for download on the CEC's website at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=19-BSTD-06>

## **Background**

Public Resources Code Section 25402.1(h)(2) and Section 10-106 of Title 24, Part 1 (2016) (California Administrative Code) establish a process that allows local adoption of energy standards that are more stringent than the Energy Code. This process allows local governmental agencies to adopt and enforce energy standards for newly constructed buildings, additions, alterations, and repairs to existing buildings provided the CEC finds that the local standards will require buildings to be designed to consume no more energy than permitted by the Energy Code. Local jurisdictions are required to apply to CEC for approval,

documenting the supporting analysis for how the local government has determined their proposed energy standards will save more energy than the current Energy Code and the basis of the local government's determination that its standards are cost effective.

## **Public Comments**

Written comments should be submitted by: **5:00 p.m. on Tuesday, February 18, 2020.**

If you wish to submit comments on the proposal, please submit them using the e-commenting feature on the CEC's webpage at <https://efiling.energy.ca.gov/EComment/EComment.aspx?docketnumber=19-BSTD-06>

A full name, email address, comment title, and either a comment or an attached document (.doc, .docx, or .pdf format) is mandatory.
