Project Title: Ordinance Adopting Green Building Amendments to City of Mountain View

Project Location: City of Mountain View, Santa Clara County

Description of Project: Pursuant to Public Resources Code (PRC) Section 25402.1(h)(2) and Section 10-106 of Title 24 of the California Code of Regulations, the City of Mountain View has applied to the California Energy Commission for a determination that its locally adopted energy efficiency standard, enacted in Local Ordinance 17.19 (the Ordinance), will require buildings to be designed to consume no more energy than permitted by the 2019 *Building Energy Efficiency Standards* (2019 Energy Standards) adopted by the Energy Commission. The Energy Commission's Building Standards are set forth in Title 24, Part 6 of the California Code of Regulations. This ordinance requires installation of infrastructure for all electric buildings with limited exceptions and installation of solar photovoltaic panel on fifty percent of roof area for non-residential buildings. Consistent with PRC Section 25402.1(h)(2), the Energy Commission found that the City of Mountain View's Ordinance will require the diminution of energy consumption levels permitted by the 2019 Energy Standards.

Name of Public Agency Approving Project: Mountain View City Council

Name of Person or Agency Carrying Out Project: City of Mountain View

Exempt Status: (check one)

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080 (b)(4); 15269(b)(c));
- Categorical Exemption: Section 15061(b)(3) and 15308**
- Statutory Exemptions:

Reasons why project is exempt: The finding by the Energy Commission required by PRC Section 25402.1(h)(2), that City of Mountain View ordinance will require the diminution of energy consumption levels permitted by the 2019 Energy Standards, involves the comparison of the energy savings of the ordinance pursuant to an objective fixed standard, and does not require the exercise of judgment or deliberation on the part of the Energy Commission. It is therefore a ministerial act consistent with Section 15369 of Title 14 of the California Code of Regulations, and is exempt from CEQA pursuant to Public Resources Code section 21080(b)(1) and section 15268 of Title 14 of the California Code of Regulations.
