BSTD-19-08 Infinite loops and Calculation Methods and Alternative Component Packages

BSTD-19-08 Infinite loops and Calculation Methods and Alternative Component Packages

Perhaps the Energy Commission's legal staff find themselves in a infinite loop and are unable to answer my question?

The question is, what allows the rules of general application implemented pursuant to PRC 25402.1, an exemption from the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code (APA)?

This question applies to docket 19-BSTD-02, of which the docket was closed without record of my APA question receiving an answer.

See the attached for the infinite loop in the Energy Commission's Title 20 code.
