Requests**

On February 24, 2020, Energy Commission staff (staff) filed a Motion for Leave to File Additional Data Requests, and attached the proposed data requests to the motion. The data requests were needed to clarify aspects of the proposed Mission College Backup Generating Facility and Mission College Data Center and to evaluate the project's potential effects for staff's initial study; the requested information addressed the project description and the technical areas of **Biological Resources** and **Cultural and Tribal Cultural Resources**. On February 27, 2020, the project applicant, Oppidan Investment Company, filed responses to the proposed data requests. These responses satisfied staff's data needs and rendered staff's motion moot. Staff hereby withdraws its motion.
