CEC-57 (Revised 1/19)

**NOTICE OF RECEIPT**  
**PETITION FOR POST-CERTIFICATION CHANGE**  
**STANTON ENERGY RELIABILITY CENTER (16-AFC-01C)**

On February 28, 2020, Stanton Energy Reliability Center, LLC, docketed a Petition for Post-Certification Change, Construction Parking and Laydown Areas (TN#: 232260) with the California Energy Commission (CEC) requesting the addition of a temporary construction laydown and staging area, parking, and offices for project construction.

The Stanton Energy Reliability Center (SERC) is a 98-megawatt (MW), simple-cycle facility with 10 MW of integrated battery storage. SERC was certified by the CEC on November 7, 2018, and began construction on February 12, 2019. The facility is located in the City of Stanton at 10711 Dale Avenue in Orange County.

**SUMMARY OF PROPOSED CHANGES**

If approved, the request would allow for an additional 0.71-acre for project use that comprises three areas near the SERC facility. The requested areas would be for temporary construction laydown and staging, parking, and temporary offices. The proposed locations are as follows: an existing paved parking area at 10680 Fern Avenue (Assessor's Parcel: APN 126-591-10 and 126-591-11), an existing warehouse building at 10680 Fern Avenue (APN: 126-591-11), and an existing warehouse/office building with paved parking area at 8322-A Standustrial Street (APN: 126-591-12). The project applicant has indicated that the temporary use of would be no longer needed by the end of July 2020.

The petition requesting the project change has been docketed and is available on the [Energy Commission's webpage for this facility at:](https://ww2.energy.ca.gov/sitingcases/stanton/)  
<https://ww2.energy.ca.gov/sitingcases/stanton/>

**PETITION REVIEW PROCESS**

CEC staff is currently reviewing the petition. The purpose of the CEC's review process is to assess the impacts of this proposal on environmental quality and on public health and safety.

The review process includes an evaluation of the consistency of the proposed changes with the CEC's Decision and a determination whether the facility, as changed, would

remain in compliance with applicable laws, ordinances, regulations, and standards (Cal. Code Regs., tit. 20, § 1769).

Upon completion of its review, staff will publish its assessment for public review and comment.

## **PUBLIC PARTICIPATION PROCEDURES**

This notice of receipt is being mailed to the CEC's facility mail list of interested persons and property owners adjacent to the facility site. Any person may comment on the petition. To use the CEC's electronic commenting feature, go to the [CEC's webpage for this facility](#), cited above, click on the "Submit e-Comment" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments.

Written comments may also be mailed or hand-delivered to:

California Energy Commission  
Docket Unit, MS-4  
Docket No. 16-AFC-01C  
1516 Ninth Street  
Sacramento, CA 95814-5512

All comments and materials filed with the Docket Unit will be added to the facility Docket Log and become publicly accessible on the CEC's webpage for the facility.

If you have questions about this notice, please contact John Heiser, Compliance Project Manager, at (916) 653-8236, or by fax to (916) 654-3882, or via e-mail at [John.Heiser@energy.ca.gov](mailto:John.Heiser@energy.ca.gov).

For information on participating in the CEC's review of the petition, contact Noemi Gallardo, Public Advisor, at (916) 654-4489 or (800) 822-6228 (toll-free in California) or send your e-mail to [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov).

News media inquiries should be directed to the CEC Media Office at (916) 654-4989, or by e-mail to [mediaoffice@energy.ca.gov](mailto:mediaoffice@energy.ca.gov).
