Subject: **DIRECTION REGARDING OPENING AND REBUTTAL TESTIMONY**

Under the milestones in the current scheduling order,¹ opening testimony is due April 8, 2020 (7 days after the Staff's responses to comments were filed in the docket) and rebuttal testimony is due April 15, 2020 (7 days after opening testimony).

At the direction of the Committee Presiding Member, the schedule is hereby modified as described below to accommodate questions regarding air quality, greenhouse gas emissions, public health, and toxic air contaminants that the Committee will ask in the forthcoming Notice of Prehearing Conference (Notice).

The modified schedule for opening and rebuttal testimony is as follows: opening and rebuttal testimony on topics other than air quality, greenhouse gas emissions, public health, and toxic air contaminants shall be filed by April 8, 2020, and corresponding rebuttal testimony shall be filed by April 15, 2020. The Committee's Notice will contain a schedule for filing opening and rebuttal testimony regarding air quality, greenhouse gas emissions, public health, and toxic air contaminants. The Notice will also establish a modified schedule for prehearing conference statements, the prehearing conference, and the evidentiary hearing.

If you have any questions of a procedural nature, please contact me as shown above. Technical questions should be addressed to Leonidas (Lon) Payne, Project Manager, at Leonidas.Payne@energy.ca.gov or at 916-651-0966.
