Mr. Drew Bohan
Executive Director
California Energy Commission
1516 Ninth Street
Sacramento, CA 95814

Subject: Application for Confidential Designation
CULTURAL RESOURCES TECHNICAL REPORT
Great Oaks South Backup Generating Facility (20-SPPE-1)

Dear Mr. Bohan,

SV1, LLC (SV1), a wholly owned subsidiary of Equinix, LLC, as owner of the Great Oaks South Backup Generating Facility (GOSBGF), requests that the attached information be designated confidential pursuant to 20 California Code of Regulations (CCR) Section 2505. This information is being supplied to the California Energy Commission (CEC) as the GOSBGF Cultural Resources Technical Report.

In support of its Application for Confidential Designation, SV1 provides the following information:

APPLICANT: SV1, LLC

ADDRESS: One Lagoon Drive
Redwood City, CA 94065

1(a). Title, date and description (including number of pages) of the record for which you request confidential designation.

Cultural Resources Assessment of Proposed Construction at APNs 706-02-053 and 706-02-054, and portions of 706-02-055 and 706-02-056, San Jose, California; prepared by Albion Environmental Inc., dated October 2018 for the Great Oaks South Data Center.

1(b). Specify the part(s) of the record for which you request confidential designation.

The report identified above in 1(a) in its entirety:

2. State and justify the length of time the Commission should keep the record confidential.

The report identified above should be kept confidential indefinitely to protect potential cultural resources and sites. If the descriptions of the locations of the sites are released to the public domain, there is potential for looting of that site.

3(a). State the provisions of the Public Records Act or other law that allows the Commission to keep the record confidential, and explain why the provision(s) apply to the record.

The report identified above specifically identifies areas of potential cultural and historical significance. It is thus protected under Government Code Sections 6254(e) and 6254(k). Protection provided is analogous to that given to Native American sacred places under Section 6254(r) of the Government Code.

3(b). Discuss the public interest in nondisclosure of the record. If the record contains trade secrets or its disclosure would otherwise cause loss of a competitive advantage, please also state how it would be lost, the value of the information to the applicant, and the ease or difficulty with which the information could be legitimately acquired or duplicated by others.

The public interest will be served by nondisclosure by preventing looting of the cultural resources and sites described in the reports. Such looting would preclude scientific study of the sites to gain data about the cultural resources of the area.

4. State whether the record may be disclosed if it is aggregated with other information or masked to conceal certain portions (including but not limited to the identity of the applicant). State the degree of aggregation or masking required. If the data cannot be disclosed even if aggregated or masked, explain why.

SV1 believes the CEC staff will require the specific information contained in the report to properly perform its analysis. Aggregation of the information would hinder a complete CEC analysis. However, SV1 believes the CEC can incorporate a generalized summary of information contained in the report to properly state the basis for its analysis without disclosing information specific enough to facilitate looting.

5. State how the record is kept confidential by the applicant and whether it has ever been disclosed to a person other than an employee of the applicant. If it has, explain the circumstances under which disclosure occurred.

SV1 has not disclosed any of the subject information to anyone other than its employees, attorneys, and consultants working on the GOSBGF. Moreover, this information will not be disclosed to any other persons employed by or working for SV1 except on a “need to know” basis. SV1 is marking this information “Confidential” and is instituting a policy that segregates this information from other GOSBGF files and that access to it be restricted to a designated confidential information manager or managers within SV1 or its attorneys/consultants.

I certify under penalty of perjury that the information contained in this application for confidential designation is true, correct and complete to the best of my knowledge and I am authorized to make the application and certification on behalf of the applicant.

Scott A. Galati
Counsel to SV1, LLC
