Docket Number: 19-ERDD-01*

**is a system to generate 100% clean and self-sufficient energy in its operation**

We have something that might interest!!!

We developed a new system for power generation, 100% clean energy...

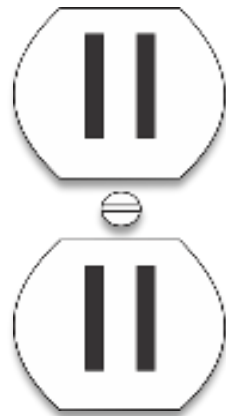

A system will change the energy industry!!!!

100% self-sufficient in operation, more effective than solar panels

A better return on investment and small as a home refrigerator.

We not pollute, save money and have electricity 24 hours a day, 365 days a year!!!

*Additional submitted attachment is included below.*

# *Baja Saver*

---

**Energy Systems**

**MAKING MY OWN CLEAN ENERGY**

# ***A system that will change the energy industry!!!!***

---

*No need wind, sun, or fossil fuel,,,, Not need nothing!!!*

- ✓ ***Baja Saver*** is a new concept to generate our own clean and cheap energy
- ✓ 100% self-sufficient in operation, more effective than solar panels
- ✓ Small as a home refrigerator for residential and commercial use
- ✓ Produces 100% of energy needed
- ✓ *We not pollute, save money and have electricity 24 hours a day, 365 days a year!!!*

*A clean, efficient and safe technology for anyone, anywhere*

---

*Cities*

*Deserts*

*Mountains*

*Regions without energy supply...*

***Save money and enjoy a better world!!!***

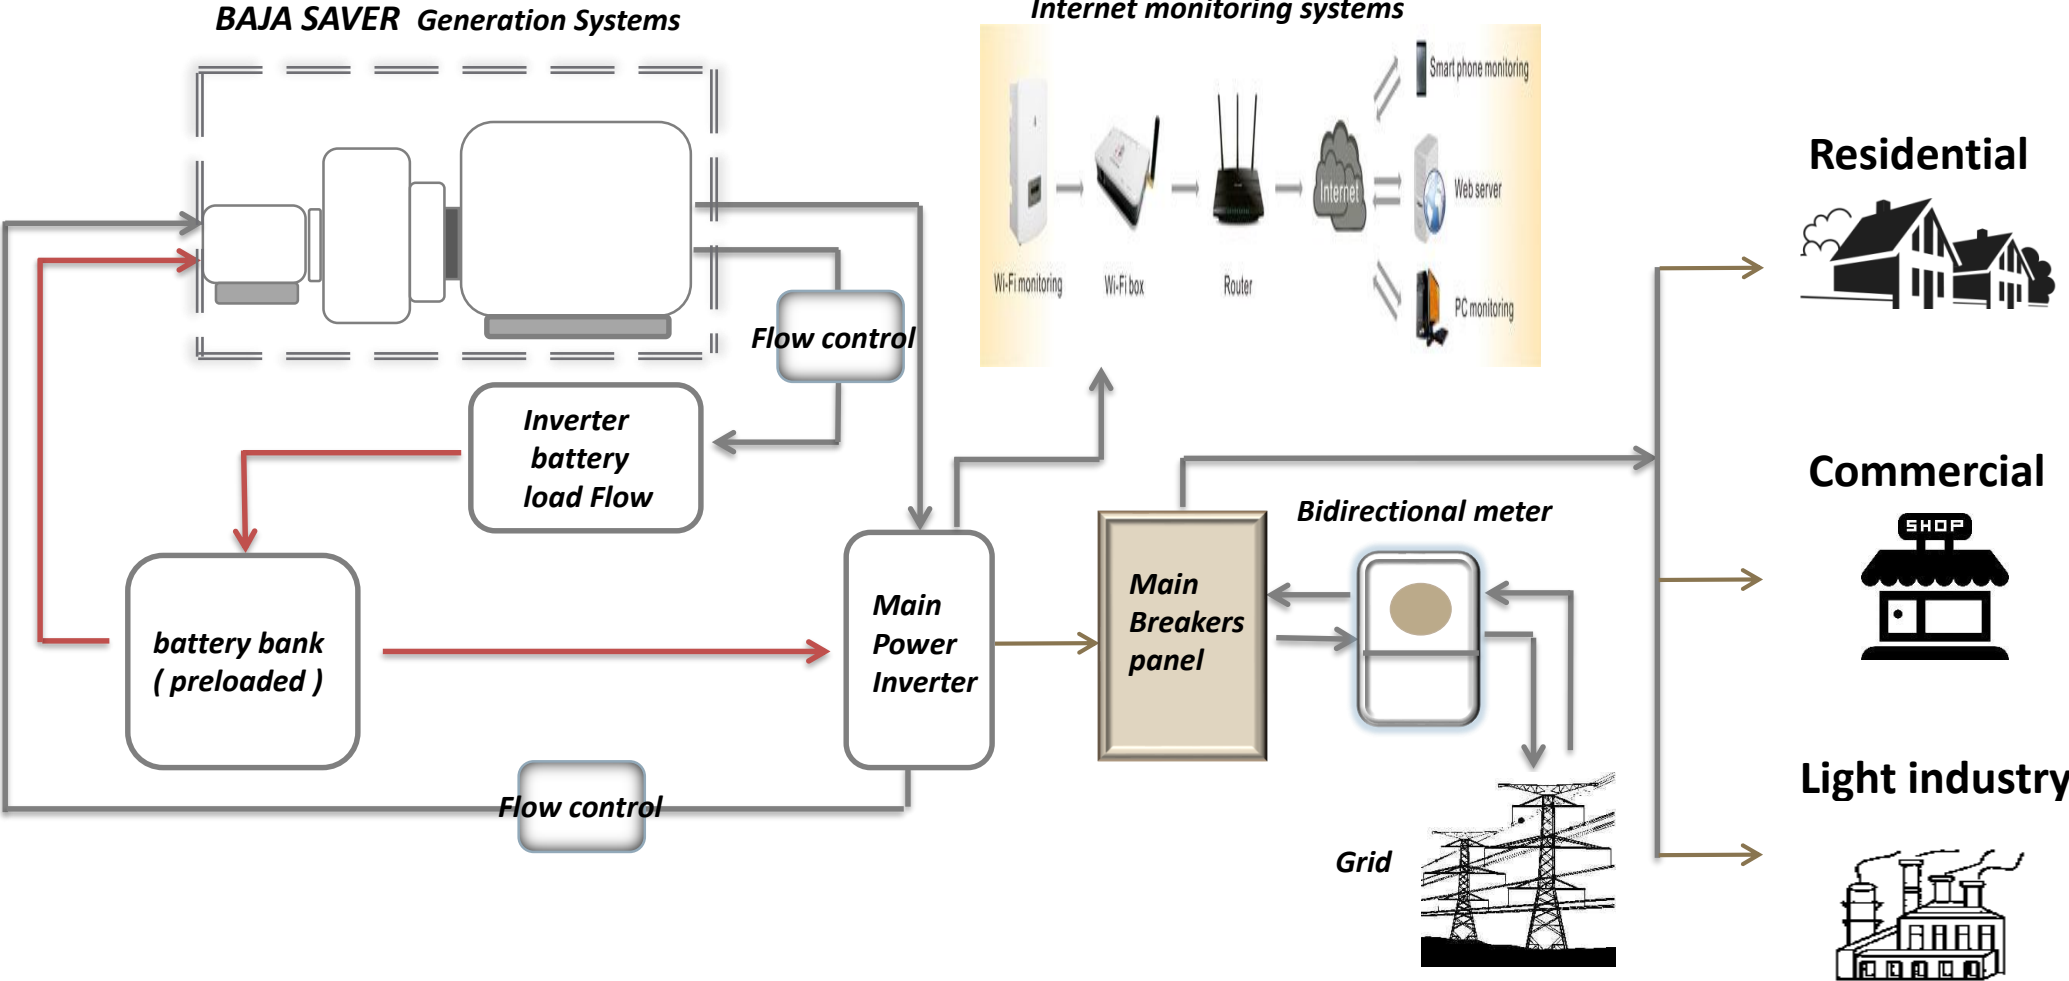

# The Baja Saver System

---

- ✓ No external factors needed
- ✓ Space-saver
- ✓ Reliable electric energy
- ✓ Better return on investment
- ✓ Electrical grid independence
- ✓ 100% eco-friendly
- ✓ Up to 40% cheaper than solar panels

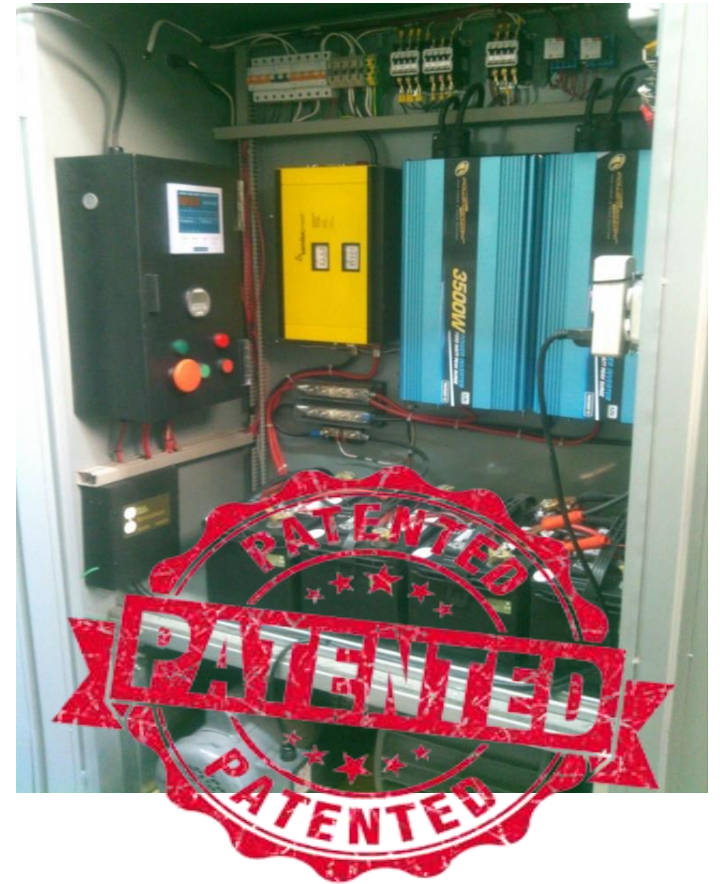

# how and for what

# Prototype for testing only

---

- ✓ After years of research, we have created a unique system of its kind.
- ✓ Our prototype has demonstrated its functionality to generate electricity in adverse conditions, without outside help, anywhere
- ✓ And it generates energy with a minimum percentage of what it produces

# Target Market

---

- ✓ **Multi-billion dollar industry worldwide**

The world needs clean energy and there is a great need for this new type of systems.

- ✓ **Current competitors have limitations on their products**

The *Baja Saver* does not depend on uncontrollable weather factors, such as wind, sun, or any type of fuel for it to generate consistent flow of electricity.

- ✓ **Unlimited potential clients**

Offices, houses, restaurants, pharmacies, gas stations, mini-markets, communities without service, desert camps, light industries...

# Awards & Recognitions

➤ We were the 1st Place Winner on SHARK DEN Tijuana in 2012.

➤ We were selected as one of the top 64 national projects on clean technologies, in the Cleantech Challenge Mexico 2013 event.

➤ Also, winners of the "Mexico Venture Capital Forum 2013" in Mexico City.
