CEC-57 (Revised 1/19)

**NOTICE OF RECEIPT****PETITION FOR POST CERTIFICATION PROJECT CHANGE
CAMPBELL COGENERATION PROJECT (93-AFC-03C)**

On April 30, 2020, the Sacramento Power Authority (SPA) filed a post-certification petition with the California Energy Commission (CEC) for the Campbell Cogeneration Project (SPAC). The nominal 158-megawatt (MW) cogeneration project was certified by the CEC in November 1994, and began commercial operation in October 1997. The facility is located in Sacramento County at 3215 47th Avenue, east of the corner of 47th Avenue and Franklin Boulevard, approximately 1 mile west of Highway 99.

SUMMARY OF PROPOSED CHANGES

This request includes the following changes:

- Repurposing an existing water storage tank to be used for fire suppression; and
- Installation of a new fire water pump, housing, and piping to connect them to each other and to the water supply system in order to eliminate the potential for backflow into the potable water system.

This notice of receipt has been mailed to the facility's mail list of interested parties and property owners adjacent to the facility site. The petition requesting the project change has been docketed and is available on the CEC's webpage for this facility at:

[SPA Campbell Cogeneration Project.](#)

REVIEW PROCESS

The review process includes an evaluation of the change and the possible significant effect on the environment, compliance with applicable laws, ordinances, regulations or standards and if a change to or deletion of a condition of certification is required.

After staff has completed its independent review and analysis of this petition, staff will publish an assessment for public review and comment. Staff will also provide written notice of its intent to either process the proposed changes as a staff-approved project change or schedule the project change to be heard for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION

Any person may comment or file an objection. To use the CEC's electronic commenting feature, go to the CEC's webpage for this facility, cited above, click on the "[Submit e-Comment](#)" link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments.
