STATE OF CALIFORNIA

STATE ENERGY RESOURCES  
CONSERVATION AND DEVELOPMENT COMMISSION

RESOLUTION ADOPTING RENEWABLES PORTFOLIO STANDARD 2014-2016  
VERIFICATION RESULTS REPORTS FOR AZUSA LIGHT AND WATER AND CITY OF  
INDUSTRY FOR COMPLIANCE PERIOD 2

**WHEREAS**, Public Utilities Code Section 399.25(b) requires the California Energy Commission to design and implement an accounting system to verify compliance with California's Renewables Portfolio Standard (RPS) by retail sellers and local publicly owned electric utilities (POUs), to ensure that electricity generated by an eligible renewable energy resource is counted only once for the purpose of meeting the renewables portfolio standard of this state or any other state, and for verifying retail product claims in this state or any other state; and

**WHEREAS**, the California Energy Commission, in collaboration with the California Public Utilities Commission, has adopted regulations and guidelines addressing its responsibilities under Public Utilities Code Section 399.25(b) as well as other provisions of the law governing California's RPS, the *Enforcement Procedures for the Renewables Portfolio Standard Local Publicly Owned Electric Utilities* (RPS POU Regulations) and the *Renewables Portfolio Standard Eligibility Guidebook, Ninth Edition (Revised)* (RPS Eligibility Guidebook), respectively; and

**WHEREAS**, in furtherance of Public Utilities Code Section 399.25(b) the California Energy Commission prepares a Renewables Portfolio Standard Verification Results report on its findings on the amount of eligible renewable energy procured each compliance period by POUs subject to California's RPS; and

**WHEREAS**, the Renewables Portfolio Standard Verification Results reports apply the statutory requirements as specified in Public Utilities Code Section 399.11, et seq., the RPS POU Regulations, RPS Eligibility Guidebook, and the Energy Commission staff *Renewables Portfolio Standard Verification Methodology Report, Second Edition*, in determining the amount of renewable energy procurement that qualifies toward each POU's California RPS procurement requirements; and

**WHEREAS**, California Energy Commission staff have prepared Compliance Period 2 (2014-2016) verification reports for Azusa Light and Water and City of Industry hereto, entitled the *California Energy Commission Staff Draft Report Renewables Portfolio Standard Verification Results*; and

**WHEREAS**, the scope of each of the *California Energy Commission Staff Draft Report Renewables Portfolio Standard Verification Results* includes RPS procurement verification findings for Azusa Light and Water and City of Industry; and

**WHEREAS**, the *California Energy Commission Staff Draft Report Renewables Portfolio Standard Verification Results* for Azusa Light and Water and City of Industry address the following items:

- The POU's procurement target and portfolio balance requirements.
- The amount of eligible renewable energy retired and the amount applied to meet the compliance period requirements, both shown by Portfolio Content Category (PCC) and other classifications.
- Any deficits in meeting the RPS procurement requirements for the compliance period.
- Any optional compliance measures being applied by the POU for the compliance period.
- A calculation of excess procurement accumulated in this compliance period.
- A summary of the POU's excess procurement and historic carryover, if any, including any prior balance, the amount accumulated and used in the current compliance period, and the ending balance.

**WHEREAS**, the California Energy Commission has considered the *California Energy Commission Staff Draft Report Renewables Portfolio Standard Verification Results* for Azusa Light and Water and City of Industry, including any minor non-substantive changes noted during the May 13, 2020 Business Meeting, and accepts and approves the *California Energy Commission Staff Draft Report Renewables Portfolio Standard Verification Results* for Azusa Light and Water and City of Industry, with any noted minor, non-substantive changes; and

**THEREFORE BE IT RESOLVED**, the California Energy Commission hereby adopts the *California Energy Commission Staff Draft Report Renewables Portfolio Standard Verification Results* for Azusa Light and Water and City of Industry, and authorizes the Executive Director, or his designee, to finalize the reports as Energy Commission adopted reports, including making any necessary minor typographical edits, and distribute and post on the Energy Commission website as necessary.

### **CERTIFICATION**

The undersigned Secretariat to the Commission does hereby certify that the foregoing is a full, true, and correct copy of a Resolution duly and regularly adopted at a meeting of the CEC held on May 13, 2020.
