Subject: NOTICE OF APPROVAL OF IPC FOR COMBINED GREENLEAF AND SUTTER ENERGY CENTER PROJECT WATER TREATMENT SYSTEM – SUTTER ENERGY CENTER PROJECT (97-AFC-02)

Dear Ms Tullos:

In accordance with the provisions of Title 20, California Code of Regulations, section 1769(a), California Energy Commission (Energy Commission) staff reviewed your petition received dated February 4, 2004, requesting approval to combine water treatment facilities of the Sutter Energy Center (SEC) and the Greenleaf I Power Plants. Staff determined that the petition met the criteria of section 1769(a)(2), and mailed the enclosed "Notice of Insignificant Project Change" to the Energy Commission's post-certification project mailing list on March 16, 2004.

The Energy Commission did not receive any public comments regarding this requested project change within the 14-day public review period as specified in section 1769(a)(2). Therefore, your requested modification is approved.

If you have any questions, please call me at (916) 654-3936, or send an e-mail to smunro@energy.state.ca.us.
